

Information About The Service

Node1 Internet's Fixed Wireless network is a high performance network servicing the areas of Geraldton and Perth, Western Australia. It covers all areas of Geraldton, with extensions to areas up to 100km from the Geraldton CBD (including the Abrolhos islands). The Perth network currently covers most areas north of the river and some areas in the hills. Fixed Wireless does not require a phone line, making it ideal for homes that struggle to receive an Internet connection through traditional means. Each connection requires a site survey prior to installation. This is done at no charge to you, and helps to ensure quality of service for all of our customers.

Requirements & Availability

Availability depends on line of sight to Node1 Internet's transmitter towers. Once a site survey is complete you will be advised whether or not you can get connected. Non-standard installations may require you to pay additional charges which you will be advised of prior to installation of the service.

You will require a wireless router for this service. The monthly fee does not include the cost for a router however you may purchase one from us at an additional cost.

Internet speeds may be affected by:

- Loss of line of sight to transmitter tower.
- Internet connectivity to your premises.
- Wireless interference within and/or around your premises (if you are connecting wirelessly via a wireless router).
- Limitations of network devices, mobile devices, consoles, computers, cables and other devices that you use.
- The available bandwidth of the service you are using (e.g. peer-to-peer games, websites & download sources).
- Other users on your Internet connection.

Minimum Term

There is no minimum term for Fixed Wireless plans.

Information About Pricing

Monthly Charges

There are eight Fixed Wireless plans – consisting of two speeds and four quota options for each speed. Each plan has a standard monthly price and data allowance. The maximum monthly charge depends on whether you have chosen to use additional data via our data packs.

Link Speed	Monthly Data Allowance	Minimum Monthly Charge	Total Minimum Price (No Lock-in Contract)	Unit Cost (1GB of data included in plan)
Up to 20mbps/1mbps	10GB + 15GB	\$34.95	\$584.95	\$3.50
	50GB + Unlimited	\$49.95	\$599.95	\$0.99
	200GB + Unlimited	\$69.95	\$619.95	\$0.35
	500GB + Unlimited	\$89.95	\$639.95	\$0.18
Up to 100mbps/20mbps	50GB + Unlimited	\$69.95	\$619.95	\$1.40
	200GB + Unlimited	\$89.95	\$639.95	\$0.45
	500GB + Unlimited	\$109.95	\$659.95	\$0.22
	1000GB + Unlimited	\$139.95	\$689.95	\$0.14

The total minimum price is based on one month of plan charges, the standard installation fee and the standard antenna.

Data Allowance Information:

- Data allowances are based on On-Peak + Off-Peak times. On-Peak: 8:00am to 12:00am and Off-Peak: 12:00am to 8:00am
- There are no automatic excess usage charges on the Fixed Wireless services – instead, traffic beyond the included data allowance will be shaped to 256Kbps/64Kbps.
- Quota is counted as the total of downloads plus uploads.
- Usage is reset to the data allowance on the first day of each month.
- You may purchase data packs at an additional cost for a data allowance top up, if required.
- Information on data pack pricing is available at http://node1.com.au/residential_wireless.php.
