

INFORMATION ABOUT THE SERVICE

Description of the service

The National Broadband Network is a high performance network, allowing for super-fast connectivity speeds between customers and Internet Service Providers. NBN Point to Point is a service where a port at one location is linked directly to a port at another location within the same NBN Point of Interconnect (POI). This service does not provide an IP address or internet connectivity and does not require a router for the service to work. This service is ideal for organisations that have more than one location and require connectivity with a low Total Cost of Ownership (TCO).

Requirements & Availability

The NBN Fibre Point to Point service is only available within an NBN Fibre service area. Unless your premises is already connected, you will need to be connected to the NBN Fibre Network. Any cabling that is required in your premises beyond the network boundary point is your cost and responsibility. Standard installations are free of charge to you. Non-standard installations may require you to pay charges. NBN availability depends on the NBN Co's rollout plan. To check if you can get connected in your area, use the online coverage checker at http://node1.com.au/nbn_rollout_map.php.

Minimum Term

There is no minimum term for NBN Fibre Point to Point.

INFORMATION ABOUT PRICING

Monthly Charges

There are four NBN Point to Point plans – consisting of four speeds. Each plan has a standard monthly price with unlimited traffic between the locations. The total minimum price is based on a \$55.00 connection fee plus one month of plan charges.

Link Speed	Traffic	Minimum Monthly Charge	Total Minimum Price (No Lock-in Contract)	Unit Cost
10mbps/10mbps	Unlimited	\$179.95	\$234.95	N/A
20mbps/20mbps	Unlimited	\$189.95	\$244.95	N/A
40mbps/40mbps	Unlimited	\$199.95	\$254.95	N/A
100mbps/100mbps	Unlimited	\$349.95	\$404.95	N/A

NBN Fees

In this section Labour Rate means \$99 for each of the total number of man-hours of labour required to perform the relevant activity (rounded up to the next full hour); and Materials means the cost of materials necessary to perform the relevant activity. The following fees may apply for NBN services:

Activity	Charge per Activity NBN Co Network	
	Fibre to the Premises (FTTP) and Wireless	Fibre to the Node (FTTN)
Professional Splitter Installation at time of a Standard Installation	N/A	\$250 including first hour then \$99/hr after
Professional Splitter Installation not at time of a Standard Installation	N/A	Labour rate (min 3 hours) plus materials (min \$10)
Equipment Modification (attendance at premises required):	Labour rate plus materials	Labour rate (min 3 hours)
