Connection Fees

Connection Fee: $55

Compulsory Information

Do you have a medical and/or security alarm system? ☐ Yes ☐ No
If yes, we recommend you opt for a Battery Backup Service.

Optional Extras

☐ Battery Backup Service: Free Node1 Internet highly recommends the battery backup service – *If the battery backup service option is not selected, no NBN-based services, including telephone and data services, will work in the event of a power failure or if the power is switched off at, or disconnected from, the power point. The Battery Backup powers the NTD in the event of power failure or disconnection to support some services using certain types of telephones/devices for a limited period of time (a total of approximately 5 hours under typical conditions) provided they use supported ports. You should ensure you have alternative means (such as a mobile phone) to place emergency calls. Medical and/or security alarms may also be affected. You should discuss your needs and solutions with your alarm provider. Please also consider the needs of anyone who lives/works at the service address when making a decision regarding the battery backup service. If you require a battery backup service in the future, an appointment to install the Power Supply with Battery Backup can be arranged with Node1 Internet. For more information regarding NBN Battery Backup Service and information regarding replacing and recycling batteries, please visit: http://www.nbnco.com.au/connect-home-or-business/already-connected/nbn-equipment/battery-back-up-service-information.html*

☐ Wireless Router: $149 *Please note: to use the internet wirelessly, you will need a wireless router. If you have an existing router with a WAN port, this may be able to be reused with this service.*

Acknowledgement of Terms & Conditions

Please read the Terms & Conditions document available for download on our website https://node1.com.au/information.php before signing this declaration. This section acknowledges acceptance of the Terms & Conditions, fees and charges, and confirms your order of the service. By signing this form, I agree to abide by the Terms & Conditions of Node1 Internet. I understand the internet plan I am subscribing to, and the restrictions, limits, charges and other features of it. I also understand Node1 Internet relies on a third party installation company for the connection of services, and therefore cannot guarantee connection provisioning times. I confirm the information provided in this application is true and correct at the time of application.
